

## FATAL ACCIDENT

**Mr. Urban Weber Killed in Auto Accident Saturday Night. Auto Turns Over Underneath.**

One of the sad events of daily life occurred last Saturday night when Urban Weber driving his own car, was held by the car when it capsized in the water of a ditch just south of town until he was drowned.

Mr. Weber was returning from Gerald between 9 and 10 o'clock with two other occupants of the car, Messrs. Bruning and First; at the corner first east of the Chas. Burr farm the machine struck some rut or obstruction in the roadway causing the machine to swerve and running into the bridge rail on the east side of the bridge which stands just north of the intersection of the east and west road on lower Shoop ave. The car was thrown under the car into the ditch. First who was badly bruised about the face, was the first to extricate himself. He had Bruning out and lifted the car from the ditch. The car had held Mr. Weber's face in the water and life was extinct when he was taken out from the ditch. Coroner Hartman was notified and accompanied by undertaker Lloyd Edgar went at once to the scene of the accident, the coroner's verdict was that death was caused by accidental drowning. Mr. Weber's body was brought to Wauseon to the undertaking rooms of Ives-Edgar-Knight. Notwithstanding the lateness of the hour a large crowd was gathered in front of the undertaking rooms, the news having spread rapidly and the crowd gathered to learn the particulars of the accident.

The kindest sympathy was and is felt for the family so suddenly bereaved of husband and father. Urban Weber was born in Canton Schaffhausen Switzerland, September 2nd, 1859 and was aged 54 years, 7 months and 11 days, at the time of his death. He came to America with his wife, Mrs. Weber, in 1884. They have three children born to this union, two are living Miss Freda who lives at home and Clyde who is in business in Akron, Ohio. Mr. Weber followed farming most of his life, retiring from active work about six years ago when the family moved to the present home in Wauseon. Aside from the two children he is survived by his two brothers and two sisters. One of the members of the Tiedow Lodge, L. O. P.

Funeral services were held Tuesday afternoon at 1 o'clock in the Christian church, Wauseon, conducted by the pastor, Rev. J. A. Wharton and interment made in Tiedow cemetery.

## BANK CHANGED

**Farmers National Bank of Delta Changes to Farmer's State Bank in Order to Take Farm Mortgage Loans.**

The Board of Directors of the Farmers National Bank of Delta at a meeting held Tuesday night voted to change the Bank from a National to State Bank. In talking the matter over with the officials of the Bank they state that under the new currency act known as the "Federal Reserve Act" which recently became a law, all National Banks whose deposits are payable on demand are prohibited from loaning these funds on farm mortgage security. While State Banks permit the loaning of 50 per cent of their deposits on farm mortgages. They further state that the law governing State Banks in Ohio is just as conservative and gives the same protection to the depositors as those of National Banks. State Banks must submit to rigid examinations twice each year and the restrictions governing their loans are the most conservative.

The new bank will be known as the Farmer's State Bank of Delta, and it will have the same people interested and the same management as the old Bank. The new bank will have the same capital and surplus as the old \$43,000, in fact the only noticeable change will be in the name of the Bank.

The Farmers National Bank was organized in 1890 and is today one of the strongest Banks of Fulton County and with their change to State Bank, the new State Bank will make farm loans together with the same old management they certainly will continue to grow.

**BUSINESS MEN IN POLITICS.**

The following resolutions, urging upon business men a larger participation in national affairs, was unanimously adopted by The American Protective Tariff League at the annual meeting of 1914, held on January 15th:

**RESOLVED,** That it is in the power and certainly within the rights of American business men to exert a potential influence in American politics. Business has rights which politicians are bound to respect. To the end that these rights shall be respected The American Protective Tariff League recommends and urges a larger participation in political affairs by business men. It is important that they shall exert increased influence in public affairs. More business men in politics are needed for the congressional, state and presidential campaigns of 1914 and 1916, if the public business is to be conducted with intelligent and sane regard for the business needs and the prosperity of the country.

## THE SENATORIAL CONTEST

The contest for the senatorial nomination on the Republican ticket is a three cornered one of course every staunch Republican will stand by the nominee selected by the majority of the Republican electors and there will be no reason for being ashamed of either Forsaker, Harding or Cole, whichever may be the successful candidate, in a community where the interests are largely agricultural, such as this, Mr. Cole is bound to receive the majority of the votes.

A very important factor in regard to the senatorial contest is the agricultural interest of the state. Ralph D. Cole during his entire congressional term was the only Ohio member on the Agricultural committee of the National House of Representatives. He devoted himself to the wool industry and it was through his friends largely that measures beneficial to the growers of the country were passed.

In an interview, Mr. Cole said: "I was raised in an agricultural community, and have knowledge of what farmers of the country need for their best welfare. If I am elected to the United States Senate, I will give my best attention to such measures as may come before that body which are intended to develop the agricultural interests of the country. At the same time, I shall be friendly both to the laborer and the farmer who are concerned in business. It has been intimated that I might withdraw from this contest, but I desire to have it distinctly understood, that I am in the race to stay, and from such assurances as have come to me, I believe that I am going to be successful."

## COUNCIL MEETING

**Last Regular Meeting for June, Monday Evening—The Finish on Some of The Street Improvements in Sight—Beautification of The Town. Fences, Not Political.**

The Council met Monday evening with all members present except Councilman Porteous. Previous to the arrival of the Mayor, Councilman reported the completion of East Elm street improvement and Marshal Cantelero reported the arrival of the applicants for the street widening stating that he had been waiting for a rainy day that would bring him time to put the new splints in the brook and the new places to be made smooth as well as the crooked paths made straight.

Minutes of the last regular meeting June 1st and a special meeting held June 12th for the purpose of transferring the franchise of the Napoleon-Wauseon Gas Company to the new Corporation which includes the various plants of the original company and leaves the way open for enlarging the sphere of their activities, were read and approved. Councilman Butler evidently had the advantage of the town on his mind and following his report the Mayor instructed the clerk to notify several parties that they were requested to build walks this season.

A petition from the Booster's Club was received asking that the tent at the corner of Fulton and Beech streets be removed and that the corner be beautified by cleaning up and planting shrubbery and flowers. After due consideration the Council decided that it was too late to plant shrubbery this Spring and finally took the following action, that Mr. Bayes be notified to move his tent from the corner of Fulton and Oak street on or before October 1st, 1914 and that the Boosters Club be ordered to clean up the corner and plant shrubbery thereon.

A motion was offered and passed by unanimous vote of all councilmen present, that the Marshal be instructed to notify occupants of premises at the corner of Oak and Fulton streets to remove all machinery and other obstructions from the boulevards on that corner both on Oak and Fulton streets within 15 days. The matter of the fence in the alley between the residences of Jas. Kelly and Jud Cammann on Superior street was brought up and it developed that a former council and told these property owners that if they would build the walk across the alley at its intersection with Superior street they might have the land, but the only way by which a Council can legally give a portion of a public street to a citizen is by passing an ordinance vacating such portion of a public alley or street. This was done and the alley and therefore the alley is still public property and should be kept open and unobstructed. The Council adjourned by ordering the clerk to notify the parties named for the walk and ordering the fence removed. Claim Ordinance was passed and Council adjourned to meet in special session at noon Tuesday June 23rd for the purpose of receiving bids on Brunell street bonds.

## "TRADE AT HOME CAMPAIGN."

The "TRADE AT HOME" campaign is now on in full swing and the people of this community are responding in a manner that is very satisfactory to those who are convinced that the TRIBUNE is the best and most effective medium at their command to reach the prospective buyer in this community.

There is still much to be done to perfect the co-operation that is necessary to bring about the required result, that is, the education of our people to the end that values can be had from the home merchant.

However, the home merchant must realize that he must play the leading part in this campaign. He must quote prices; he must show the people that he can and will compete with the outside merchant. He can do so and be successful in getting that business which he is entitled to, he must show the people that he will compete with the outside merchant.

Attention is being called to this page from every possible angle. The TRIBUNE hopes that the advertisers of Wauseon who have become part of the page will follow this plan of the "TRADE-AT-HOME SERVICE," that is, that they must quote prices, show their goods, and something to make it an object for the prospective customer to go to their store.

We are safe in saying that the people of Wauseon are patriotic and they will patronize home industry if the business people here are willing to show them that they can get real values for their money. That puts it right up to you, Mr. Advertiser. Quote prices, show your people that you have some real values for them.

## BOARD OF EDUCATION

**County Board of Education For Fulton Chosen Under Provision of New School Law. Saturday June 13th.—At Wauseon.**

Pursuant to the new School Laws of Ohio the presidents of the various Boards of Education of the township of Fulton met at the Court house Saturday, June 13th, W. W. Ackerman, County Auditor called the meeting to order. The body adjourned until 1 p. m. when the following members of the new County Board of Education were elected. For five years, C. K. Miller of Goshen for four years, W. J. Weber, Wauseon, for three years, W. C. Hoch, Delta; for two years, W. B. McClarren, Pike and for one year J. P. Ottokree, Wauseon.

Under the provisions of the new law, these members must qualify by taking an oath to faithfully perform the duties of their office within ten days from Saturday, June 14th. The county board will meet on the third Saturday in July, the 18th, at which time they will organize by electing one of their members president and vice-president to serve for one year. They will also choose a temporary secretary who will serve until a county superintendent has been elected. Thereafter the County Superintendent will act as secretary of the Board.

At the meeting of the Board on July 18th, it is probable that the County Superintendent will be selected as the law provides that the County Board must appoint a County Superintendent from among the members of the Board from the first day of August 1914, at a regular meeting held not later than July 20th. Within thirty days after they have organized the County Board of Education will divide the county school district into supervision districts, each to contain one or more village or rural school districts and one or more supervision districts under the direction of a superintendent who is to be elected by the presidents of the rural and village school boards of the district. The district superintendent will be nominated by the county Superintendent, but a board may elect a district superintendent not so nominated by a majority vote. After this year the annual meeting of the county Boards of Education for reorganization will be held on the third Saturday in March and one member of this board will be elected annually by the presidents of the various Village and rural boards of education in the county.

It will take some little time to get the machinery of this new law into action and nothing can be said authoritatively in regard to the efficiency or non efficiency of this law until it has been tried out. It is bound to have a fair trial in Fulton county and we have full confidence in the ability of these citizens who will have the responsibility of directing its workings to get the best and most out of it for the general good and the advancement of education.

## PETITIONS FILED

**Petitions Filed With The Board of Deputy State Supervisors of Elections of Fulton County By Candidates for State and County Offices.**

At midnight June 11th the time for filing petitions for those whose names are to appear on the ticket at the Primary Election August 11th expired and on Friday and Saturday of last week as well as on Monday of this week the Board of Supervisors of Elections were in session going over the list of names signed to determine if all were qualified electors and entitled to be counted as signers of the various petitions some few of the voters through the county evidently believe that they may sign above every petition that comes along as there were some names that appeared on the petitions for two or more candidates for the same office. Names are counted only once, as on the first petition signed. There were no Democratic petitions filed for candidates for county offices with exception of candidates for members of the Democratic County Central Committee this committee is chosen at the time of the Primary election for both parties.

Failure to file petitions will not necessarily mean that there will be no Democratic nominees, as names of candidates may be written in the blank spaces on that ticket by the Democratic voters.

The following are the names of candidates for county office that will appear on the Republican ticket at the Primary election:

For Representatives, F. H. Beighard; For County Commissioners, three to be nominated John Barden of Royalton, Frank Griffin of Goshen, George, 20 rail road man, Wauseon, Ohio, and Nola Burkholder, 21, Wauseon, O.
